InnovaT MOOC ends with over 1300 participants in Latin America and Europe

"This MOOC took place at a time when all universities were forced to move to emergency online teaching in which participating professors were able to share their learning and concerns regarding this new teaching-learn ing model," says Carlos Alario, coordinating professor of the MOOC.

Workshops: practical knowledge and the shaping of an InnovaT learning community

"All the teachers are exceedingly committed. They immediately joined this learning expedition as ambas sadors of a higher mission and not only participated and learned, but also contributed to thinking about how we could continue this quest together in the future," says Liliya Terzieva from the Breda University of Applied Sciences.
