

# How to study online?

## Factsheet for students

### Tips and tricks for learning online

Action	Details
<b>Accept</b>	... that topics and teachers are diverse and different. ... that their teaching is colourful. ... that there are many different types of learning materials. ... that there are many channels of communication.
<b>Stay online</b>	... and look for information ... and read instructions carefully
<b>Take responsibility</b>	... for your learning and organise yourself how is best for you ... now is the best time to practice your time management skills
<b>Take care</b>	... of others – together you will check the important stuff ... of yourself & don't panic: really important stuff will find you
<b>Have fun and enjoy</b>	... your greater freedom in learning ... the choices in online learning
<b>Take a break</b>	... reflect & insert your own points!
